Background

The Issuer has convened the Meeting for the purpose of enabling Noteholders to consider and resolve, if they think fit, to pass the Extraordinary Resolution proposed in relation to the Notes.

On 5 March 2021 (the "**LIBOR Announcement Date**"), the UK Financial Conduct Authority (the "**FCA**") confirmed that all Sterling LIBOR settings will either cease to be provided by any administrator or no longer be representative of their underlying market immediately after 31 December 2021 (the "**LIBOR Announcement**"). The FCA has also made a number of previous announcements regarding the proposed cessation of LIBOR. In relation to 3-month Sterling LIBOR in particular (as the interest rate benchmark currently applicable to the Floating Rate Notes), the LIBOR Announcement provided that immediately after 31 December 2021, such LIBOR setting would no longer be representative of the underlying market and economic reality and that such representativeness will not be restored. For additional background to the LIBOR Announcement, we refer to:

- (a) the speech of Andrew Bailey, the Chief Executive of the FCA, on 27 July 2017 entitled "*The Future of LIBOR*";
- (b) the statement of the FCA entitled "FCA Statement on LIBOR panels" dated 24 November 2017;
- (c) the speech of Andrew Bailey, the Chief Executive of the FCA, on 12 July 2017 entitled "*Interest rate benchmark reform – transition to a world without LIBOR*";
- (d) the "Dear CEO Letter" sent by the FCA and the Prudential Regulation Authority to major banks and insurers and published on the FCA website, dated 19 September 2018, relating to the need to transition from LIBOR to alternative benchmarks;
- (e) the speech of Andrew Bailey, the Chief Executive of the FCA, on 15 July 2019 entitled "*The Future of LIBOR*";
- (f) the statement of the FCA entitled "Transition from LIBOR" dated 4 September 2019;
- (g) the open letter from The Investment Association to issuers entitled "INVESTORS CALL ON COMPANIES TO TAKE URGENT ACTION AND TRANSITION THEIR LIBOR-LINKED BONDS" dated 3 February 2021; and
- (h) the statement of the FCA entitled "Further arrangements for the orderly wind-down of LIBOR at end-2021" dated 29 September 2021.

(a) to (f) and (h) of the above together with the LIBOR Announcement are available from the website of the FCA at www.fca.org.uk and (g) is available at <https://www.theia.org/media/press-releases/investors-call-companies-take-urgent-action-and-transition-their-libor-linked>.

In 2017, the Bank of England (the "**BoE**") and the FCA announced that they had mandated a working group (the "**Working Group**") to implement a broad-based transition to the Sterling Overnight Index Average ("**SONIA**") across sterling bond, loan and derivative markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021. Therefore, Sterling LIBOR will not continue on the current basis after 2021, and regulators have urged market participants to take active steps to implement the transition to SONIA and other risk-free rates ahead of this deadline.

On the basis that the final maturity date of the Floating Rate Notes falls after 2021, the Issuer has convened the Meeting for the purpose of enabling the Noteholders of the Notes to consider and resolve, if they think fit, to approve the Proposal by way of an Extraordinary Resolution in relation to the Floating Rate Notes, implementing respective changes in the interest basis specified in the Conditions from LIBOR to SONIA, and corresponding and/or consequential amendments (if any) to the Swap Transactions and the Liquidity Facility. The Proposal constitutes a Basic Terms Modification under the Conditions of the Floating Rate Notes, and therefore the holders of each Series are invited to approve the Proposal, even though only the conditions of the Floating Rate Notes will be amended. If an Extraordinary Resolution in respect of any Series is not successfully passed or (in the case of any Series of the Floating Rate Notes) the related Eligibility Condition is not satisfied, then the Issuer will not implement the Proposal and none of the Series of the Floating Rate Notes will be amended (irrespective of whether or not the relevant Extraordinary Resolution(s) for any of the other Series passes and/or any related Eligibility Condition(s) is satisfied).

The formula for calculating interest on the Floating Rate Notes will be as set out in Annex 1 to this Notice. Due to the differences in the nature of LIBOR and SONIA, the replacement of LIBOR as the reference rate for the Floating Rate Notes requires a corresponding credit adjustment spread to the existing Relevant Margin payable in respect of each Series of the Floating Rate Notes. The Proposal uses the "5-year historical median" methodology agreed by ISDA for determining this credit adjustment spread and recommended by the Working Group for use

in cash products such as the Floating Rate Notes. It involves taking the median of the daily difference between LIBOR and SONIA in the 5 years leading up to the LIBOR Announcement Date. Using this methodology, the credit adjustment spread for 3-month Sterling LIBOR is 0.1193 per cent., as calculated and published by Bloomberg Index Services Limited on the LIBOR Announcement Date and as referenced on Bloomberg screen SBP003M Index on the date of this Consent Solicitation Memorandum.

The Trustee has not been involved in the formulation of the Extraordinary Resolution and the Trustee expresses no opinion on the merits of any Extraordinary Resolution or on whether Noteholders would be acting in their best interests in approving the Extraordinary Resolution, and nothing in this Notice should be construed as a recommendation to Noteholders from the Trustee to vote in favour of, or against, any Extraordinary Resolution. Noteholders should take their own independent financial, accounting and legal advice on the merits and on the consequences of voting in favour of, or against, the Extraordinary Resolution, including as to any tax consequences. The Trustee has not reviewed, nor will it be reviewing, any documents relating to the Consent Solicitation, except those to which it will be a party and this Notice. On the basis of the information set out in this Notice of Meeting (other than Annex 2 (*Margin Adjustment*) of this Notice which it has not reviewed) and the Consent Solicitation Memorandum, the Trustee has authorised it to be stated that it has no objection to the Extraordinary Resolution being put to Noteholders for their consideration.

Before making a decision with respect to the Proposal, Noteholders should carefully consider, in addition to the other information contained in this Notice, the risk factors set out in Annex 1 of this Notice.

Consent Solicitation

The Issuer has invited holders of the Notes (the "**Consent Solicitation**") to consent to the approval, by Extraordinary Resolution at the Meeting, of the modification of the Conditions of the Floating Rate Notes and related documents as described in the Extraordinary Resolution as set out above, all as further described in the Consent Solicitation Memorandum (as defined in the Extraordinary Resolution set out above).

The Consent Solicitation Memorandum and any other documents or materials relating to the Consent Solicitation are only for distribution or to be made available to persons who are Eligible Noteholders (as defined in the Extraordinary Resolution above).

A Noteholder will be required to produce evidence satisfactory to the Tabulation Agent as to

his or her status as an Eligible Noteholder and that he or she is a person to whom it is lawful to send the Consent Solicitation Memorandum and to make an invitation to participate in the Consent Solicitation under applicable laws before being sent a copy of the Consent Solicitation Memorandum.

Copies of: (i) the Trust Deed; (ii) this Notice of Meeting; and (iii) the current drafts of the Supplemental Trust Deed and the Amendment Agreements as referred to in the Extraordinary Resolution, are also available: (a) from the Consent Website or for collection by Noteholders on and from the date of this Notice of Meeting up to and including the date of the Meeting from the Information and Tabulation Agent, the contact details for which are set out below, during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted) up to and including the date of the Meeting; and (b) at the Meeting. Any revised versions of the drafts of the Supplemental Trust Deed and the Amendment Agreements made available as described above and marked to indicate changes to the draft made available on the date of this Notice of Meeting will supersede the previous drafts of the Supplemental Trust Deed and the Amendment Agreements, and Noteholders will be deemed to have notice of any such changes.

The attention of Noteholders is particularly drawn to the procedures for voting, quorum and other requirements for the passing of the Extraordinary Resolution at the Meeting or any meeting held following any adjournment of the Meeting, which are set out in the second paragraph of "Voting and Quorum" below. Having regard to such requirements, Noteholders are strongly urged either to attend the Meeting (via teleconference) or to take steps to be represented at the Meeting (including by way of submitting Electronic Voting Instructions in favour of the Proposal (all such terms as defined in the Consent Solicitation Memorandum)) as soon as possible.

In light of the ongoing developments in relation to coronavirus (COVID-19), it may be impossible or inadvisable to hold the Meeting at a physical location. Therefore, in accordance with the provisions of the Trust Deed, the Issuer has requested that the Trustee prescribe appropriate regulations regarding the holding of the Meeting via teleconference, as further described below. Any Noteholders who have a Voting Certificate and indicate to the Information and Tabulation Agent (the contact details for which are set out below) that they wish to attend the Meeting (via teleconference) will be provided with further details about attending the Meeting. Noteholders who do not indicate to the Information and Tabulation Agent prior to the Meeting that they wish to attend the Meeting will not be provided with details about attending the meeting and will not be able to attend the Meeting whether or not they hold a Voting Certificate.

Noteholders who have submitted Electronic Voting Instructions (and thereby requested that their votes are included in the block voting instruction appointing two or more representatives of the Information and Tabulation Agent as its proxy to attend the Meeting (and any adjourned Meeting) and to vote in the manner specified or identified in such Electronic Voting Instruction) will be unaffected by these alternative regulations and will not be requested to take any further action. The Issuer will take appropriate steps to ensure that only those who would otherwise be entitled to attend and vote at a physical meeting will be entitled to attend the teleconference.

Requirements of U.S. Securities Law

If the Proposal is passed and implemented, the Supplemental Trust Deed will contain a statement that the Floating Rate Notes will be "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Act and Holders who are: (i) QIBs and U.S. persons (as defined in Regulation S under the Securities Act) should note that the Floating Rate Notes may only be offered, sold, pledged or otherwise transferred: (A): (1) to the Issuer; (2) so long as the relevant Note is eligible for resale pursuant to Rule 144A under the Securities Act, to a person whom the seller reasonably believes is a QIB that purchases the securities for its own account or for the account of one or more QIBs and to whom the seller delivers a notice of the transfer restrictions described in this paragraph; (3) to a person who is not a U.S. person in an offshore transaction meeting the requirements of Regulation S under the Securities Act; (4) pursuant to an exemption from registration under the Securities Act provided by Rule 144 under the Securities Act (if available); (5) pursuant to another available exemption from the registration requirements under the Securities Act; or (6) pursuant to an effective registration statement under the Securities Act; and (B) in accordance with all applicable securities laws of the United States; or (ii) not U.S. persons or acting for the account or benefit of U.S. persons (in each case as defined in Regulation S under the Securities Act) should note that, until the expiry of the period of 40 days after the later of: (A) the date on which the relevant Extraordinary Resolution is passed; and (B) the date the relevant proposed amendments to the terms of the Floating Rate Notes become effective, sales may not be made in the United States or to U.S. persons unless made: (I) outside the United States pursuant to Rule 903 and 904 of Regulation S; or (II) to QIBs and in transactions pursuant to Rule 144A under the Securities Act.

Voting and Quorum

Noteholders who have submitted and not revoked (in the limited circumstances in which revocation is permitted) a valid Electronic Voting Instruction in respect of the Extraordinary Resolution, by which they will have given instructions for the appointment of two or more representatives of the Information and Tabulation Agent by Principal Paying Agent as their proxy to attend and vote (as specified in the relevant Electronic Vote Instruction) in respect of the Extraordinary Resolution at the Meeting and any meeting held following any adjournment of the Meeting, need take no further action to be represented at the Meeting or any such adjourned meeting. Further details on how to submit an Electronic Voting Instruction are set out below.

Noteholders who have not submitted or have submitted and subsequently revoked (in the limited circumstances in which such revocation is permitted) an Electronic Voting Instruction in respect of the Extraordinary Resolution should take note of the relevant provisions set out below detailing how such Noteholders can attend or take steps to be represented at the Meeting (references to which, for the purpose of such provisions, include, unless the context otherwise requires, any meeting held following any adjournment of the Meeting).

1. Subject as set out below, the provisions governing the convening and holding of a meeting of the Noteholders are set out in Schedule 5 to the Trust Deed, a copy of which is available for inspection by the Noteholders as referred to above.

Each person (a beneficial owner) who is the owner of a particular aggregate Principal Amount Outstanding of the Notes through Euroclear, Clearstream, Luxembourg or a person who is shown in the records of Euroclear or Clearstream, Luxembourg as a holder of the Notes (a "Direct Participant"), should note that a beneficial owner will only be entitled to attend and vote at the Meeting in accordance with the procedures set out below and where a beneficial owner is not a Direct Participant it will need to make the necessary arrangements, either directly or with the intermediary through which it holds its Notes, for the Direct Participant to complete these procedures on its behalf.

A Noteholder who wishes to attend and vote at the Meeting and any adjourned such Meeting in person must have obtained a valid Voting Certificate issued by the Principal Paying Agent.

A Noteholder may obtain a Voting Certificate in respect of its Notes permitting such Noteholder to attend the Meeting (via teleconference) by arranging for its Notes to be blocked in an account with Euroclear or Clearstream, Luxembourg (unless the Note is the subject of a block voting instruction which has been issued and is outstanding in respect of the Meeting or any adjourned such Meeting) not less than 48 hours before the time fixed for the Meeting (or, if applicable, any adjourned such Meeting) and within the relevant time limit specified by Euroclear or Clearstream, Luxembourg, as the case may be, upon terms that the Notes will not cease to be so blocked until the first to occur of the conclusion of the Meeting or any adjourned such Meeting and the surrender of the Voting Certificate to the Information and Tabulation Agent and notification by the Information and Tabulation Agent to Euroclear or Clearstream, Luxembourg, as the case may be, of such surrender or the compliance in such other manner with the rules of Euroclear or Clearstream, Luxembourg, as the case may be.

The Issuer notes that in accordance with advice issued by the U.K. government following the COVID-19 outbreak, non-essential meetings continue to be discouraged under the guidance and that there continue to be restrictions on the number of people that can meet indoors. The Issuer is therefore convening the Meeting by way of teleconference as opposed to holding a physical meeting. Details of the teleconference will be provided to Noteholders requesting Voting Certificates.

A Noteholder not wishing to attend and vote at the Meeting may either deliver the Voting Certificate to the person whom it wishes to attend on its behalf or give a voting instruction (in the form of an electronic voting instruction (an "**Electronic Voting Instruction**") in accordance with the standard procedures of Euroclear and/or Clearstream, Luxembourg) to, and require the Principal Paying Agent to, include the votes attributable to its Notes in a block voting instruction issued by the Principal Paying Agent for the Meeting or any adjourned such Meeting, in which case the Principal Paying Agent will appoint a proxy to attend and vote at such Meeting in accordance with such Noteholder's instructions.

If a Noteholder wishes the votes attributable to its Notes to be included in a block voting instruction for the Meeting or any adjourned such Meeting, then: (i) the Noteholder must arrange for its Notes to be blocked in an account with Euroclear or Clearstream, Luxembourg for that purpose; and (ii) the Noteholder or a duly authorised person on its behalf must direct the Principal Paying Agent as to how

those votes are to be cast by way of an Electronic Voting Instruction, not less than 48 hours before the time fixed for the Meeting (or, if applicable, any adjourned such Meeting) and within the time limit specified by Euroclear or Clearstream, Luxembourg, as the case may be, upon terms that the Notes will not cease to be so blocked until the first to occur of: (i) the conclusion of the Meeting or any adjourned such Meeting; and (ii) not less than 24 hours before the time for which the Meeting is convened, the notification in writing of any revocation of a Noteholder's previous instructions to the Principal Paying Agent and the same then being notified in writing by the Principal Paying Agent to the Issuer and the Trustee and such Notes ceasing in accordance with the procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and with the agreement of the Principal Paying Agent to be held to its order or under its control.

Each Noteholder which arranges for an Electronic Voting Instruction to be submitted must also confirm in such Electronic Voting Instruction whether it is an Eligible Noteholder or an Ineligible Noteholder. QIBs who wish to be treated as Eligible Noteholders will also need to submit to the Information and Tabulation Agent, in the form and by the deadline set out in the Consent Solicitation Memorandum, a Qualified Institutional Buyer Confirmation Letter, otherwise they will be treated as Ineligible Noteholders.

For the above purposes, instructions given by Direct Participants to the Information and Tabulation Agent through Euroclear or Clearstream, Luxembourg will be deemed to be instructions given to the Principal Paying Agent.

2. As the proposed amendment is a Basic Terms Modification (as defined in the Trust Deed), the quorum required for the Extraordinary Resolution to be considered at the Meeting is two or more persons present (including by teleconference) and holding or representing in the aggregate not less than three-quarters of the aggregate Principal Amount Outstanding of the Notes for the time being outstanding.

In the event such quorum is not present (including by teleconference) within 15 minutes from the time initially fixed for a Meeting, such Meeting will be adjourned until such date, not less than 14 nor more than 42 days later, to be held via teleconference. At any such adjourned Meeting two or more persons present (including by teleconference) and holding or representing in the aggregate not less than one-third of the aggregate Principal Amount Outstanding of the Notes for the time being outstanding will form a quorum.

Voting Certificates obtained and Electronic Voting Instructions given in respect of any Meeting (unless revoked in accordance with the terms of the Trust Deed and, in the case of Electronic Voting Instructions, in accordance with the procedures of the Euroclear or Clearstream, Luxembourg, as the case may be) will remain valid for any such adjourned Meeting.

Noteholders should note these quorum requirements and should be aware that, if the Noteholders either present (including by teleconference) or appropriately represented at the Meeting are insufficient to form a quorum for the Extraordinary Resolution, the Extraordinary Resolution cannot be formally considered at such Meeting. Noteholders are therefore encouraged either to attend the Meeting (via teleconference) or to arrange to be represented at the Meeting as soon as possible.

3. Every question submitted to a Meeting will be decided in the first instance by a show of hands and in case of equality of votes the chairman of the Meeting will, both on a show of hands and on a poll, have a casting vote in addition to the vote or votes (if any) to which he may be entitled as a holder of a Voting Certificate or as a proxy or as a representative.

Unless a poll is (before, or on the declaration of the result of, the show of hands) demanded by the chairman of the Meeting, the Issuer, the Trustee or by two or more persons present holding or representing not less than the 150th part of the aggregate Principal Amount Outstanding of the Notes then outstanding, a declaration by the chairman of the Meeting that a resolution has been carried or carried by a particular majority or lost or not carried by a particular majority will be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour or against such resolution.

On a show of hands every person who is present and is a holder of Notes or is a proxy or representative will have one vote. On a poll every such person will have one vote in respect of each £1,000 (or such lesser amount as is equal to the original principal amount of a Note) in original principal amount of the Notes of the relevant Series in respect of which he or she is a holder, proxy or representative.

4. To be passed at the Meeting, the Extraordinary Resolution requires a majority of not less than three-fourths of the votes cast in respect of the Extraordinary Resolution. If passed, the Extraordinary Resolution will be binding on all Noteholders, whether or not present at the Meeting at which it is passed and whether or not voting.

ANNEX 1 TO THE NOTICE OF MEETING – COMPOUNDED DAILY SONIA

"**Compounded Daily SONIA**", means the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) with respect to an Interest Period, and will be calculated by the Agent Bank on the relevant Interest Determination Date in accordance with the following formula, and the resulting percentage will be rounded, if necessary, to the fourth decimal place, with 0.00005% being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

"**d**" means, for any Interest Period, the number of calendar days in such Interest Period;

"**d₀**" means, for any Interest Period, the number of London Banking Days in such Interest Period;

"**i**" means, for any Interest Period, a series of whole numbers from one to **d₀**, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in such Interest Period to, and including, the last London Banking Day in such Interest Period;

"**Interest Determination Date**" means, in respect of any Interest Period, the date falling five London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling five London Banking Days prior to such earlier date, if any, on which the Floating Rate Notes are due and payable);

"**London Banking Day**" or "**LBD**" means any day (other than a Saturday or a Sunday) on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

"**n_i**" for any London Banking Day "**i**", in the relevant Interest Period, the number of calendar days from, and including, such London Banking Day "**i**" up to, but excluding, the following London Banking Day;

"**p**" means five London Banking Days;

"**Relevant Period**" means, in respect of an Interest Period, the period from, and including, the date falling five London Banking Days prior to the first day of such Interest Period and ending on, but excluding, the date which is "**p**" London Banking Days (being five London Banking Days) prior to the Interest Payment Date for such Interest Period (or the date falling "**p**" London Banking Days (being five London Banking Days) prior to such earlier date, if any, on which the Floating Rate Notes become due and payable);

"**SONIA Reference Rate**" means, in respect of any London Banking Day, a reference rate equal to the daily Sterling Overnight Index Average ("**SONIA**") rate expressed as a percentage for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Reuters Screen SONIA Page (or if that page is unavailable, as otherwise is published by such authorised distributors) (the "**Screen Page**") on the London Banking Day immediately following such London Banking Day; and

"**SONIA_{i-pLBD}**" means, in respect of any London Banking Day "**i**" falling in the relevant Interest Period, the SONIA Reference Rate for the London Banking Day falling "**p**" London Banking Days (being five London Banking Days) prior to the relevant London Banking Day "**i**".

If, in respect of any London Banking Day in the applicable Relevant Period, the Agent Bank determines that the SONIA Reference Rate is not available on the Reuters Screen SONIA Page or has not otherwise been published by the relevant authorised distributors, such SONIA Reference Rate will be: (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at 5.00 p.m. (London time) (or, if earlier, close of business) on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five London Banking Days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads).

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to: (i) how the SONIA Reference Rate is to be determined; or (ii) any rate that is to replace the SONIA Reference Rate, the Agent

Bank will, subject to receiving written instructions from the Issuer to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the relevant calculation for so long as the SONIA Reference Rate is not available or has not been published by the authorised distributors.

If the Floating Rate of Interest cannot be determined in accordance with the foregoing provisions in relation to any Interest Period, the Floating Rate of Interest applicable to the Floating Rate Notes during such Interest Period will be that determined as at the last preceding Interest Determination Date.

If the Floating Rate Notes become due and payable in accordance with Conditions 9 (*Events of Default*) or 10 (*Enforcement of Notes*), the final Interest Determination Date will, notwithstanding the definition specified above, be deemed to be the date on which such Floating Rate Notes became due and payable and the Floating Rate of Interest on such Floating Rate Notes will, for so long as any such Floating Rate Note remains outstanding, be the rate determined on such date.

RISK FACTORS AND OTHER CONSIDERATIONS

Before making a decision with respect to the Extraordinary Resolution, Noteholders should carefully consider, in addition to the other information contained in this Notice of Meeting, the following:

The market continues to develop in relation to SONIA as a reference rate for floating rate notes.

Compounded Daily SONIA differs from LIBOR in a number of material respects, including (without limitation) that Compounded Daily SONIA is a backwards-looking, compounded, risk-free overnight rate, whereas LIBOR is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending. As such, investors should be aware that LIBOR and SONIA may behave materially differently as interest reference rates for the Notes.

Publication of SONIA (in its current form) began in April 2018 and the rate therefore has a limited history. The future performance of SONIA may therefore be difficult to predict based on limited historical performance. The level of SONIA during the term of the Notes may bear little or no relation to the historical level of SONIA. Prior observed patterns, if any, in the behaviour of market variables and their relation to SONIA such as correlations, may change in the future.

Investors should be aware that the market continues to develop in relation to SONIA as reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. The market or a significant part thereof may adopt an application of SONIA that differs significantly from that proposed under the Extraordinary Resolution. Equally it may be difficult for the Issuer, if required, to find any future replacement interest rate swap provider or for the Issuer, if required, to find any future replacement issuer swap provider to appropriately hedge either the exposure to variance in interest rate in the mortgage portfolio or interest rate exposure on any floating rate notes (as applicable) determined by reference to compounded daily SONIA should a relevant swap provider need to be replaced and where available swap providers at such time are not prepared to hedge products determined by reference to a compounded daily SONIA. Interest on Notes which reference a SONIA rate is only capable of being determined at the end of the relevant reference period and immediately prior to the relevant interest payment date. It may be difficult for investors in Notes which reference a SONIA rate to reliably estimate the amount of interest which will be payable on such Notes.

In addition, it should be noted that broadly divergent interest rate calculation methodologies may develop and apply as between the mortgage loans, the Notes and/or the swap agreements due to different market conventions, variations in applicable fall-back provisions or other matters and the effects of this are uncertain but could include a reduction in the amounts available to the Issuer to meet its payment obligations in respect of the notes. Further, changes to SONIA may adversely affect the operation of the swap agreements.

The administrator of SONIA may make changes that could change the value of SONIA or discontinue SONIA.

The Issuer has no control over the determination, calculation or publication of SONIA. There can be no guarantee that such rates will not be discontinued, suspended or fundamentally altered in a manner that is materially adverse to the interests of investors in Notes which reference a SONIA rate. In particular, the BoE, as administrator of SONIA may make methodological or other changes that could change the value of SONIA, including changes related to the method by which SONIA is calculated, eligibility criteria applicable to the transactions used to calculate SONIA, or timing related to the publication of SONIA. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of SONIA (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider the interests of investors in the Notes when calculating, adjusting, converting, revising or discontinuing SONIA.

ANNEX 2 TO THE NOTICE OF MEETING – MARGIN ADJUSTMENT

Rationale for the Noteholder Proposal

The formula for calculating interest on the Notes will be as set out in Annex 1 to the Notice of Meeting. Due to the differences in the nature of LIBOR and SONIA, the replacement of LIBOR as the reference rate for the Floating Rate Notes requires a corresponding credit adjustment spread to the existing Relevant Margin payable in respect of the Floating Rate Notes. The Proposal use the "5-year historical median" methodology agreed by the International Swaps and Derivatives Association ("**ISDA**") for determining this credit adjustment spread and recommended by the Working Group for use in cash products such as the Floating Rate Notes. It involves taking the median of the daily difference between LIBOR and SONIA in the 5 years leading up to the LIBOR Announcement Date. Using this methodology, the credit adjustment spread for 3-month Sterling LIBOR is 0.1193 per cent., as calculated and published by Bloomberg Index Services Limited on the LIBOR Announcement Date and as referenced on Bloomberg screen "SBP0003M Index" on the date of this Consent Solicitation Memorandum.

If the Proposal is implemented, the rate of interest in respect of the Floating Rate Notes for each Interest Period commencing on or after the Effective Date (being the interest payment date for the Floating Rate Notes falling in January 2022) will be determined by reference to Daily Compounded SONIA. For the avoidance of doubt, irrespective of whether or not the Proposal is implemented, the interest amounts paid in respect of the Floating Rate Notes on or before the Effective Date will continue to be Sterling LIBOR.

The Margin Adjustment

In respect of the Floating Rate Notes, the Floating Rate of Interest that will be effective from the relevant Effective Date will be equal to Compounded Daily SONIA plus the New Margin.

New Margin means:

- A. the Class A7 Current Margin¹ / Class B3 Current Margin² / Class C2 Current Margin³ / Class D2 Current Margin⁴; plus
- B. the Relevant Credit Adjustment Spread,

where:

- A. **Class A7 Current Margin** means 0.19 per cent. /
Class B3 Current Margin means 0.28 per cent. /
Class C2 Current Margin means 0.55 per cent. /
Class D2 Current Margin means 0.84 per cent.
- B. **Relevant Credit Adjustment Spread** means 0.1193 per cent.

The detailed provisions relating to the calculation of Compounded Daily SONIA are set out in the Supplemental Trust Deed.

¹ Applicable to the Class A7 Notes.

² Applicable to the Class B3 Notes.

³ Applicable to the Class C2 Notes.

⁴ Applicable to the Class D2 Notes.
