INTERIM MANAGEMENT STATEMENT

This interim management statement relates to the 6 months ended 30 June 2022 and contains information that covers the period from 1 January 2022 to 15 September 2022, the date of publication of this interim management statement.

BUSINESS REVIEW

The company is a subsidiary of Canary Wharf Group plc, Canary Wharf Group Investment Holdings plc, and its ultimate parent undertaking is Stork Holdco LP, an entity registered in Bermuda.

The company is a finance vehicle that issues securities which are backed by commercial mortgages over properties within the Canary Wharf estate. The company is engaged in the provision of finance to the Canary Wharf Group, comprising Canary Wharf Group plc, the ultimate parent undertaking Stork Holdco LP and the wider group subsidiaries. References to 'the Group' and 'Canary Wharf Group' refer to Stork Holdco LP and its subsidiaries. All activities take place within the United Kingdom.

At 30 June 2022, the company had £1,370,199,520 (31 December 2021 – £1,384,862,120) of notes listed on the London Stock Exchange and had lent the proceeds to a fellow subsidiary undertaking, CW Lending II Limited ('the Borrower') under a loan agreement ('the Intercompany Loan Agreement'). The notes are secured on a pool of properties at Canary Wharf, owned by fellow subsidiary undertakings, and the rental income therefrom.

Going Concern

Having made the requisite enquiries and assessed the resources at the disposal of the company, the directors have a reasonable expectation that the company will have adequate resources to continue its operation for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Results for the period

As shown in the company's Income Statement, the company's loss after tax for the 6 month period was £4,948,001 (period ended 30 June 2021 – loss of £4,929,325).

This loss included hedge reserve recycling recognised in the Income Statement of £5,005,643 (period ended 30 June 2021 –£4,987,552). Including the hedge reserve recycling impact in other comprehensive income the profit for the period was £57,642 (period ended 30 June 2021 – £58,227).

The balance sheet shows the company's financial position at the period end and indicates that net assets were £5,591,392 (31 December 2021 – £5,533,750).

The weighted average maturity of the company's securitised debt is 10.5 years (31 December 2021 – 10.8 years). The weighted average interest rate of the securitised debt is 6.1% (31 December 2021 - 6.1%).

INTERIM MANAGEMENT STATEMENT (Continued)

In the opinion of the Board, these Financial Statements enable shareholders to make an informed assessment of the results and activities of the company for the period ended 30 June 2022.

PRINCIPAL RISKS AND UNCERTAINTIES

The risks and uncertainties facing the business are monitored through continuous assessment, regular formal reviews and discussion at the Canary Wharf Group Investment Holdings plc audit committee and board. Such discussion focuses on the risks identified as part of the system of internal control which highlights key risks faced by the Group and allocates specific day to day monitoring and control responsibilities as appropriate. As a member of Canary Wharf Group, the current key risks of the company include, the cyclical nature of the property market, concentration risk and financing risk.

Cyclical nature of the property market

The valuation of the Company and Group's assets are subject to many other external economic and market factors. In recent years, the London real estate market has had to cope with fluctuations in demand caused by key events such as uncertainty in the Eurozone and the implications of the UK's withdrawal from the EU. The full impact of the Russian invasion of Ukraine and sanctions imposed on Russia as a consequence and of the coronavirus is not yet possible to predict. The real estate market has to date, however, been assisted by the depreciation of sterling since the EU referendum and the continuing presence of overseas investors attracted by the relative transparency of the real estate market in London which is still viewed as both relatively stable and secure. Previous Government announcements, in particular the changes to stamp duty underpinned continuing demand in the residential market and the value of the Group's development sites. Property valuations for office properties let on long leases to tenants with good covenants have remained relatively strong despite continuing economic uncertainties which are unhelpful to confidence across the wider real estate sector.

Concentration Risk

The Group's real estate assets are currently located on or adjacent to the Estate. Although a majority of tenants have traditionally been linked to the financial services industry, this proportion has now fallen to around only 50% of tenants. Wherever possible steps are still taken to mitigate or avoid material consequences arising from this concentration.

Although the focus of the Group has been on and around the Estate, where value can be added the Group will also consider opportunities elsewhere. The Group is involved as construction manager and joint development manager in the joint venture with Qatari Diar to redevelop the Shell Centre in London's South Bank. The Group has also reviewed current consents for development to react to changes in the market. This review has led to an increased focus on the residential build to rent sector as reflected in the composition of the master plan for the mixed-use development at Wood Wharf.

CANARY WHARF FINANCE II PLC

INTERIM MANAGEMENT STATEMENT (Continued)

Financing risk

The broader economic cycle inevitably leads to movements in inflation, interest rates and bond yields. The company has borrowing at floating and fixed rates of interest. Where required the company uses derivative financial instruments to manage exposure to interest rate fluctuations.

The company has issued debenture finance in sterling at both fixed and floating rates and uses interest rate swaps to modify its exposure to interest rate fluctuations. All of the company's borrowings are fixed after taking account of interest rate hedges. All borrowings are denominated in sterling and the company has no intention to borrow amounts in currencies other than sterling.

The company enters into derivative financial instruments solely for the purposes of hedging its financial liabilities. No derivatives are entered into for speculative purposes.

The company is not subject to externally imposed capital requirements.

The company's securitisation is subject to a maximum loan minus cash to value ('LMCTV') ratio covenant.

The maximum LMCTV ratio is 100.0%. Based on the 30 June 2022 valuations of the properties upon which the company's notes are secured, the LMCTV ratio at the interest payment date in July 2022 was 42.7%. The securitisation is not subject to a minimum interest coverage ratio. A breach of certain financial covenants can be remedied by depositing eligible investments (including cash).

INDEPENDENT REVIEW REPORT TO CANARY WHARF FINANCE II PLC

Conclusion

We have been engaged by the company to review the condensed set of financial statements in the half-yearly financial report for the six months ended 30 June 2022 which comprises the statement of comprehensive income, the statement of financial position, the statement of changes in equity and related notes 1 to 8.

Based on our review, nothing has come to our attention that causes us to believe that the condensed set of financial statements in the half-yearly financial report for the six months ended 30 June 2022 is not prepared, in all material respects, in accordance with Financial Reporting Standard 104 and the Disclosure Guidance and Transparency Rules of the United Kingdom's Financial Conduct Authority.

Basis for Conclusion

We conducted our review in accordance with International Standard on Review Engagements (UK) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Financial Reporting Council for use in the United Kingdom (ISRE (UK) 2410). A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing (UK) and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

As disclosed in Note 1, the annual financial statements of the company are prepared in accordance with United Kingdom Generally Accepted Accounting Practice (including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"). The condensed set of financial statements included in this half-yearly financial report have been prepared in accordance with Financial Reporting Standard 104 "Interim Financial Reporting".

Conclusion Relating to Going Concern

Based on our review procedures, which are less extensive than those performed in an audit as described in the Basis for Conclusion section of this report, nothing has come to our attention to suggest that the directors have inappropriately adopted the going concern basis of accounting or that the directors have identified material uncertainties relating to going concern that are not appropriately disclosed.

This conclusion is based on the review procedures performed in accordance with this ISRE (UK) 2410, however future events or conditions may cause the entity to cease to continue as a going concern.

CANARY WHARF FINANCE II PLC

Responsibilities of the directors

The directors are responsible for preparing the half-yearly financial report in accordance with the Disclosure Guidance and Transparency Rules of the United Kingdom's Financial Conduct Authority.

In preparing the half-yearly financial report, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the review of the financial information

In reviewing the half-yearly financial report, we are responsible for expressing to the company a conclusion on the condensed set of financial statements in the half-yearly financial report. Our conclusion, including our Conclusion Relating to Going Concern, are based on procedures that are less extensive than audit procedures, as described in the Basis for Conclusion paragraph of this report.

Use of our report

This report is made solely to the company in accordance with ISRE (UK) 2410. Our work has been undertaken so that we might state to the company those matters we are required to state to it in an independent review report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our review work, for this report, or for the conclusions we have formed.

NOTES TO THE INTERIM REPORT for the 6 months ended 30 June 2022

1. ACCOUNTING POLICIES

The statutory accounts have been prepared in accordance with Financial Reporting Standard (FRS) 102 “The Financial Report Standard applicable in the UK and Republic of Ireland”. Accordingly, this condensed set of financial statements has been prepared in accordance with FRS 104 “Interim Financial Reporting”.

The accounting policies applied in the preparation of this Interim Report are consistent with those that will be adopted in the statutory accounts for the year ending 31 December 2022. The full accounting policies of the company, set out in the 2021 statutory accounts, have been applied in preparing this Interim Report.

The financial information relating to the 6 months ended 30 June 2022 and 30 June 2021 is unaudited.

The results for the year ended 31 December 2021 are not the company’s statutory accounts. A copy of the statutory accounts for the year has been delivered to the Registrar of Companies. The auditor’s report on those accounts was not qualified, did not contain any reference to any matters which the auditor drew attention by way of emphasis without qualifying the report and did not contain statements under Section 498(2) or (3) of the Companies Act 2006.

In accordance with FRS 102, the company will be exempt from presentation of a cash flow statement in its next annual financial statements as it will be included in the consolidated financial statements of Canary Wharf Group Investing Holdings plc, and accordingly the company has taken an equivalent exemption in preparing these condensed interim financial statements.

Replacement of LIBOR as an interest rate benchmark

From 24th January 2022, LIBOR has been replaced by SONIA (Sterling Overnight Index Average) as the Risk-Free Reference Rate for Sterling Transactions. The group has obtained its lenders approval to adopt SONIA from 24 January 2022 for all LIBOR related loans, plus a Credit Adjustment Spread. This has not resulted in any changes to group’s financial instrument effectiveness.

<u>1,622,033,502</u>		<u>1,434,770,943</u>	<u>1,645,133,566</u>

The loans to a fellow subsidiary undertaking bear fixed rates of interest between 5.41% and 7.07% and are repayable in instalments between 2005 and 2037.

Other amounts owed by Group companies are non-interest bearing and repayable on demand.

The A7, B3 C2 and D2 tranches of the intercompany loan are carried at fair value. The A1, A3 and B tranches are carried at amortised cost. The total fair value of the loans to fellow subsidiary undertakings at 30 June 2022 was £1,537,198,578 (31 December 2021 – £1,832,728,937), calculated by reference to the fair values of the company's financial liabilities. In the event that the company were to realise the fair value of the securitised debt and the derivative financial instruments, it would have the right to recoup its losses as a repayment premium on its loans to CW Lending II Limited. As such, the fair value of the loans to Group undertakings is calculated to be the sum of the fair value of the securitised debt and the fair value of the derivative financial instruments. The carrying value of financial assets represents the company's maximum exposure to credit risk.

The class A1, A3 and B notes were issued at a premium which is being amortised to the income statement on a straight line basis over the life of the relevant notes. At 30 June 2022 £11,424,139 (31 December 2021 – £12,224,268) remained unamortised.

The notes are secured on 6 properties at Canary Wharf, owned by fellow subsidiary undertakings, and the rental income stream therefrom.

The company uses interest rate swaps to hedge exposure to the variability in cash flows on floating rate debt caused by movements in market rates of interest. The hedged rates of the floating notes, including the margins, are between 5.40% and 7.06%.

CANARY WHARF FINANCE II PLC

NOTES TO THE INTERIM REPORT for the 6 months ended 30 June 2022 (Continued)

The floating rate notes are carried at fair value through profit or loss. The fixed rate notes are carried at amortised cost. The total fair value of the securitised debt at 30 June 2022 was £1,370,332,108 (31 December 2021 – £1,526,145,089). The fair values of the sterling denominated notes have been determined by reference to prices available on the market on which they are traded.

At 30 June 2022, the fair value of the interest rate derivatives resulted in the recognition of a liability of £166,866,470 (31 December 2021 – £306,583,848). The fair values of the derivative financial instruments have been determined by reference to the market values provided by a third party valuer.

The securitisation continues to have the benefit of an arrangement with AIG which covers the rent in the event of a default by the tenant of 33 Canada Square over the entire term of the lease. At 30 June 2022, AIG had posted £82,605,176 as cash collateral in respect of this obligation.

The company also has the benefit of a £300 million liquidity facility provided by Lloyds Bank plc, under which drawings may be made in the event of a cash flow shortage under the securitisation. The liquidity facility matures on 22 October 2037 and at 30 June 2022 remains undrawn.

8. CONTINGENT LIABILITIES AND FINANCIAL COMMITMENTS

As at 30 June 2022 and 31 December 2021, the company had given security over all its assets, including security expressed as a first fixed charge over its bank accounts, to secure the notes referred to in Note 7.
