

COLDHARBOUR SHUTTLE SERVICE

During the construction of the New Phase, Canary Wharf Contractors are exploring options to assist local residents in accessing Canary Wharf. A bus service was introduced in June to shuttle between Coldharbour and Marsh Wall. After a few weeks trial of the service and with feedback from the users we have now altered the route as detailed below. We still continue to look at longer term alternatives but hope this will help with some journeys in the meantime.

The route will continue to be operated by Passenger Plus and will follow the timetable as shown right.

For further information or enquiries please contact us at consultation@canarywharf.com or 020 7418 2795.

The shuttle will operate from existing TfL bus stops as detailed below and in this map.

Preston's Road: **F**

Canada Square South
(For Canary Wharf tube station & DLR): **J**

Marsh Wall: **B**
